

Blizzard Cloggers

Classes during Covid Pandemic

Arrival and Departure:

Face masks will be required when entering the building, in the lobby, when heading to your chair or when moving around other than going onto the dance floor. Masks are not required when dancing.

Please use the hand sanitizer when arriving and feel free to use when leaving. If you prefer you can head to the bathroom and wash your hands with soap and water for minimum 20 seconds instead of using hand sanitizer.

If you are more comfortable waiting in your vehicle until the time of your class feel free to do so. Classes will start on time.

DO NOT ENTER CLOGGING ROOM UNTIL PREVIOUS CLASS IS DONE.

Bathroom:

There will be Lysol spray and wipes in the lobby if you would like to wipe down before using the washroom. The city will be keeping bathrooms clean but we'll have supplies in case you'd like to use them. Please put back in the lobby where you found them after use.

Chairs:

Chairs will be spaced out along the walls. Please don't move them closer to a friend. Leave the chairs when you leave unless you are in the last class of the morning/evening.

Dancing:

The floor will be marked with tape showing each clogger's area. The goal is to have everyone at least 2 meters apart. This can be a challenge as everyone moves different amounts when doing a step. If needed the marks will be changed after the first few weeks. Initially cloggers will be at least 8 feet apart. That is well over the 2 meters recommended.

Breaks:

If you are socializing during breaks you will need a mask. If you choose to go to your chair and stay there you do not need a mask unless someone comes to talk to you and is closer than 2 meters.

Attendance:

To minimize everyone touching communal items Birgit will keep attendance in each class. That way no one has to touch a pen that many others have touched. Attendance record will be vital just in case someone does get sick.

Session:

We will do a 15 week session that goes until Christmas. This is so that if we get shut down again no one has paid for the entire year. If a class or two get cancelled for some reason the weeks will carry over to January. If we get shut down again credit or refunds will be issued again.

Illness:

If you feel sick please stay home. I will send out a self-assessment for you to use. If you have been in contact with someone that has tested positive or suspects they are positive please stay home.

Report Non-Compliance:

If you feel someone is not following the above directions please let Birgit know. While no one likes to tell on others rules are vital for all of our health.
