

Safety Measures for Square Up! and Crossfire

updated Sept 2023

These measures may be subject to change.

1. We encourage all attendees to be fully COVID vaccinated, including boosters etc. as you are eligible. We also encourage attendees to take vaccines for seasonal flu etc., as recommended by your doctor. **We will not ask for proof of vaccination.**
2. Please do not attend if you have any symptoms of COVID, or have symptoms of any other illness. If you have had recent exposure to any respiratory illness, please consider wearing a mask for your next dance session.
3. If you find out later, that you may have been contagious at one of our events, please contact us and we can potentially share that information (anonymously).
4. By your participation, you indicate that you hold the Hall, Capital District Community Dance Association (CDCDA), the other dancers, and the caller couple harmless, of any liability.
5. **Use of hand sanitizer** after every tip is encouraged. Off the dance floor, dancers should social distance where possible.
6. **Masking will be optional**, however some may choose to mask and we will maintain a 'mask friendly' environment.
7. No common food or common drinks will be shared (other than for special events), please bring your own water and snacks.
8. We will be keeping a list of names and phone numbers, of those in attendance each session, in case contact tracing were to be necessary.
9. The Hall, the City of Edmonton, and the Province of Alberta reserve the right to cancel any of our events, for any reason. This group will always abide by up-to-date health recommendations.
10. Any dancer practicing unsafe behavior may be asked to leave.
