

Bob Cottle Assistance Fund

Do you know someone who would like to become a caller, cuer, or instructor and could use some help to further their caller education?

This is what the Bob Cottle fund is for.

To apply for assistance from this fund simply send a letter explaining the need to the president of the CDCDA. There is a committee that will consider each request and work with you to agree on terms under which the money will be given. All Requests from the Edmonton area will be considered.

If you wish to donate to this fund that Bob Cottle left “for the training of inexperienced callers” simply send a letter to the Administrative Assistant Tina Duncan at cdcdainfo@gmail.com.
